We are please to inform you that a book review of Janab's Key To Civil procedure was published in The Law Review (Sweet and Maxwell) [2012] ixxxii and reads as follow:

Book Review

Janab's Key to Civil Procedure, 5th edn by Justice Dr Hamid Sultan Abu Backer, Janab (M) Sdn Bhd, Kuala Lumpur, 2012, lxxxii + 526 pp + 384 pp (appendix). Hardcover: RM300, ISBN: 978-983-42595-6-3 This work is timely. It comes hotfoot on the Rules of Court 2012 which are scheduled to come into force on August 1, 2012. While maintaining the basic structure and much of its precursor, the 2012 Rules contain some important changes. The extent of the changes have been admirably summarised by the author in Chapter 1 of the text. The emphasis that rules of court are there to achieve justice is now expressly provided for in Order 2 rr (2) and (3). The author in this fifth edition of his work has devoted much time and effort to collect comparative materials from England which will be of considerable assistance to the courts, practitioners and law teachers. He has also referred the reader to earlier cases to remind us of the injustice that may be caused by slavish adherence to the rules. In the other chapters the author has brought the work up to date with references to cases decided since the previous edition of the work. Particular mention must be made of Chapter 14 which deals with injunctive relief.

Applications for this type of relief are commonplace and those who come from a background unfamiliar with the administration of equity jurisprudence in the area of specific relief will find much assistance from this work. As specific relief jurisdiction will shortly be conferred on the subordinate courts, sessions judges and magistrates will do well to hearken to the principles governing such relief which have been fairly summarised by the author with copious references to relevant decided cases. The commentary on judicial review in Chapter 17 thoroughly examines the several authorities on the subject. It contains a discussion of the several prerogative remedies that are to be administered by the High Court bearing in mind the overreach of paragraph 1 of the Schedule to the Courts of Judicature Act 1964. A judge entrusted with the hearing of judicial review applications will find the material in Chapter 17 both useful and inspiring.

This work accords with its description. It is a key that unlocks the door to the elements of civil procedure. It is a ready handbook for those wish to obtain a quick view of the subject. It will certainly fulfil its role as a Bench book on civil procedure.
